# How to use the Girl Tales Valentine's Day Cards

- 1) Print the cards out. We recommend using cardstock paper and color ink.
- 2) Cut the cards out. Make sure to ask a grown-up for help with scissors.
- 3) Listen to the stories by opening up the camera application on a smartphone. Hold the camera up to the QR code on the card. Wait until the link pops up and click on it. Then press play and enjoy!
